

## Patologia periastragalica

- Trauma in inversione
- Diversi gradi di interessamento legamentoso

# **Patologia periastragalica: trauma in inversione**

## **Sequenza cinematica**

Fase I: PAA

Fase II: PAA + PC

Fase III: PAA + PC + LEG. CERVICALE.

Fase IV: PAA + PC + LEG. CERVICALE + PAP
